We For Humanity’s Emergency Appeal to the International Criminal Court

Letter

We For Humanity is an international human rights association of holocaust survivors and their descendants, as well as lawyers, doctors, scientists, journalists, and other professionals. The association wrote [a letter to the International Criminal Court \(ICC\) in support of the joint international “Request for Investigation” to stop the ongoing crimes against humanity arising from the COVID-19 “pandemic”](#) in September 2021. On November 28, 2021, We For Humanity submitted an Emergency Notice to the ICC with additional evidence. In the letter, they asked the ICC’s prosecutor, Honorable Karim A.A. Khan QC, **as a son, father, and fellow human being** for **his humanity and goodness**.

People may forgive a mistake. But, not the deliberate murder of their children.

Letters to ICC by We For Humanity are available on We For Humanity website.
